QUICK FACTS ON MARYLAND

Area Code 301

LOCATION: College Park, Maryland 20740

ATHLETIC DIRECTOR: Jim Kehoe, 454-4705

SOCCER COACH: Jim Dietsch, 454-5212 or 454-2601

ASST. SOCCER COACH: Joe Cryan

SPORTS INFORMATION OFFICE: 454-2123

DIRECTOR: Jack Zane

ASSISTANT: Jim Husbands

DIRECTOR OF ATHLETICS

James H. "Jim" Kehoe

When Jim Kehoe assumed the duties as Director of Athletics in 1969 he approached the job with the same fervor and determination he had devoted to his duties as a teacher and coach for 24 years.

His seven years as Terrapin Athletic Director have been exciting to say the least. The Terps have become National powers in basketball, football and lacrosse with one of the most successful athletic programs in the nation both artistically and financially.

Today Kehoe administers a program that encompasses 21 varsity sports, is self-supporting financially and nationally acclaimed.

The football team reigns as the Gator Bowl Champions, the basketball team has recorded five consecutive 20 victory seasons and the lacrosse team has been in the NCAA Championship game the past four seasons, winning a pair of National titles.

Kehoe was one of the first Athletic Directors to assume any responsibilities for Women's Athletics and now has a total commitment to making the Maryland Women's program one of the best in the nation with eight women's varsity sports.

Despite the added responsibilities and financial problems besetting intercollegiate athletics today Kehoe directs one of the few athletic programs in the nation that is not operating at a deficit.

During Kehoe's tenure as Athletic Director the Terrapins have twice won the NCAA Championship in lacrosse and three times finished as runner-up for the National title, won the National Invitational Tournament title in basketball and gained the Eastern and Midwestern Regionals of the NCAA Basketball Tournament and the football team has been to three consecutive Bowls winning the Gator Bowl Title in the 1975 season.

Within the ACC the Terps have won three consecutive Carmichael Cups and in seven years captured 31 of 89 possible championships under Kehoe's direction as compared to 17 for runner-up North Carolina. Maryland has now captured 125 titles since the ACC was formed in 1953, more than double the 59 by North Carolina to rank second.

While a student at Maryland he was president of the Men's League and a member of Omicron Delta Kappa National Honorary Fraternity.

In addition to coaching at Maryland he served as an Associate Professor of Physical Education and Director of Intramural Athletics. He holds an Honorary Doctor's degree from Steed College in Tennessee.

1977 MARYLAND SOCCER PROSPECTUS

The Maryland soccer team in 1976 finished second in the Atlantic Coast Conference and registered one of its biggest season highlights when they tied nationally ranked Clemson 1-1. Following their Clemson tie, the team entered the NCAA Tournament and lost a close 3-1 game to Howard in the opening round of the tournament. All this is past history and the Maryland squad and third year Coach Jim Dietsch are looking toward the future, and a promising one it is. With four returning forwards, five returning halfbacks and five returning fullbacks, Maryland will have an experienced but youthful team in '77. The team's leading scorer inner Chris Miller will return in '77 and should add to the 6 goals he scored last year. In addition to Miller, the Terps will return Claude England, Eric Packheiser and Ken Johnson from the team's top six scorers.

The losses Coach Dietsch must consider when recruiting are at goalie, fullback and hardest hit halfback. Maryland lost goalie Tony Kondratenko who earned All American honors while in junior college and started two seasons for the Terps registering seven shutouts during his stay in Maryland goal. His replacement is expected to be Larry Howell, an All State goalie from New Jersey who two years ago was considered one of the finest in the country. The halfback line suffered the most from graduation with the loss of All ACC and All South performer Gonzalo Soto and two year starter Paul Tamberino. Bryan Kittelberger, Claude England, Dan Gresser, Jeff Poloway, Hank Lockman and Bob Kim are all expected to see action, providing Maryland a lot of depth at halfback. All ACC performer Alroy Scott is lost from the fullback line but Coach Dietsch will have experienced players returning to fill four starting spots. Scott Boddery should take command of the defense his sophomore year and he will get help from two-year starter Don Kraft and Chris Orsborne in addition to Dave Dorozinsky junior college All American, Maryland's top recruit for 1977.

The Terrapin schedule in '77 features some of the strongest teams in the country with games against Clemson and the NCAA Division I and Division II Champs scheduled. Maryland will meet San Francisco, the NCAA Division I Champ in the opening round of the Loyola of Baltimore Tournament. Host Loyola was the NCAA Division II Champ.

JIM DIETSCH, HEAD SOCCER COACH

Jim's home town is Baltimore where he attended Baltimore Polytechnic High School. After graduation from the University of Maryland in 1969 he served 3 years with the U.S. Army. In 1974 he started working with the Athletic Program as Asst. Soccer and Asst. Lacrosse Coach. In 1975 Jim was named Head Soccer Coach while still remaining Asst. Lacrosse Coach. After his first year he was selected to serve on the South Selection Committee for the NCAA Soccer Championship. Also Jim was chosen to be Chairman of the All Atlantic Coast Conference Soccer Team Committee. Jim is married to the former Barbara Yates who teaches junior high school at Buck Lodge Junior High School.

JOE CRYAN, ASST. SOCCER COACH

Joe's home town is Trenton, New Jersey where he attended Notre Dame High School and gained All-State Honors. Joe played for the University of Maryland in 1965 and 1966 before turning pro in 1966, 1967 with the Washington Darts. After serving two years in the Army, Joe returned to the University Maryland graduating in 1974. Joe teaches at Laurel Sr. High School and is working towards his Masters Degree in reading at Bowie State College. This is his fourth year as assistant soccer coach and we are very fortunate to have a specialist who can spend individual time with our goalkeepers.

University of Maryland soccer players should have these three qualities:

1) HUSTLE - determination and motivation to give 100% all the time and to work harder for the team.

2) TOGETHERNESS - it is important for teammates to develop good relations with each other, to respect and help each other and to communicate.

3) CONCENTRATION - understanding your role, team objectives, reading and reacting to the opponents, and adjusting to the demands of the game. Be an intelligent soccer player.

On every team there are always a few players who stand out in a certain aspect of the game. To recognize these players Coach Dietsch initiated individual awards for those outstanding players who demonstrate these various qualities. The award winners were chosen by the team members. The 1976 award winners are:

Most Improved Player	Bryan Kittelberger	Halfback
Outstanding Defensive Player	Alroy Scott	Fullback
Outstanding Offensive Player	Gonzalo Soto	Halfback
Leading Scorer	Chris Miller	Inside
Unsung Hero	Scott Boddery	Fullback
Mr. Hustle (tie)	Paul Tamberino	Halfback
	Claude England	Halfback
Leadership & Team Performance	Tony Kondratenko	Goalie
Team Appreciation	Lee Zeidman	Trainer
	Steve Testoff	Manager

MEET THE CAPTAINS

DON KRAFT - Senior, Fullback from Hyattsville, Md. where he attended Northwestern High School in Prince Georges County. Don is an outstanding team leader who works very hard and has a great deal of determination. His experience and maturity are the reasons he has controlled the starting defense at right fullback for the last two years. Don is majoring in Phys. Ed. and was selected to the ACC Honor Roll in 1976. He is married to the former Karen Lee who is a graduate of the University of Maryland.

ERIC PACKHEISER - Senior, Wing from Annapolis where he attended Annapolis High School in Anne Arundel County and in his senior year he led the county in scoring and was selected unanimously to the All County Team. Eric is an excellent offensive player who has great speed and an outstanding shot. He should be one of the leading scorers on the team if he can avoid the injury problems he has had in previous years Eric is majoring in Business and is very active in the "M" Club.

BIG BROTHER - LITTLE BROTHER SOCCER PROGRAM

We have an important Big Brother-Little Brother program within our soccer team. Each new player (Little Brother) will be assigned to a upper classman (Big Brother) on the team with a similar major interest.

Some of the duties of the Big Brother are as follows:

1) Help your Little Brother make the adjustments to the University of Maryland.

2) If necessary, supervise him during registration and pre-registration.

3) Take him to buy his books and other supplies.

4) Show him where his individual classes are.

5) Assist him in social matters; expose him to the various social activities on campus.

6) Give me in writing every grade the Little Brother receives during his first semester. This will be done in a monthly report so I can see any signs of trouble in his courses and get him a tutor, if necessary.

ACADEMIC ENVIRONMENT

The University of Maryland is a member of the American Universities and Colleges which selects the top fifty university systems in the country. It is currently the seventh largest university in the nation--and, with such size, comes quality. This means better facilities, not only in the day-to-day classroom, but also in the research and faculty staff. Our teacher staff consists of over 6,000 personnel -- which brings our student/professor ratio down to 16-1. This allows us to offer a degree in a variety of fields (122) on the undergraduate level, as well as on the graduate level (58 graduate programs, 53 doctoral programs.) With such great flexibility in the curriculum, you also have a flexibility in your desired course of study which you may not enjoy at many other schools.

Not only is your education at the University of Maryland highly flexible, but it is also one of high quality, developed with many years of experience. Our school for Dentistry is the finest dental school in the world; the School of Pharmacy is the third oldest in the nation; and the College of Agriculture is the third oldest in the Western Hemisphere. The University of Maryland is rich in experience and history, but also has its eye to the future in all fields. The Laser Ranging Retro Reflector experiment placed on the moon by the Apollo II astronauts was developed by a group of scientists headed by a University of Maryland professor. Recently our College of Education won the "Distinguished Achievement Award for Excellence in Teacher Education." This award is given each year to only one university. This campus also has the world's largest sectored isochronous Cyclotron which is available to students.

In many respects the College Park campus is a city of young people with all the advantages, excitement and problems of a community. While the focus of the campus community is on its academic and intellectual activities, the campus has its own daily newspaper, its own police department, an 18 hole golf course, hotel, stores, movie house, theatre, art gallery, pub, bowling alley, tennis courts and swimming pool. It is a Georgian-Colonial campus with nearly 200 buildings spaced across a rolling 1300 acre park-like setting.

The facilities, faculty, history, and flexibility are not our only strengths. The University of Maryland is totally committed to the individual student, regardless of whether he is a freshman or a candidate for a Ph.D. A full-time advisor is provided by our Athletic Department for personal and vocational counseling for student athletes.

We, at the University of Maryland, are extremely proud of our academic programs and will continue to live up to the outstanding academic record we have set.

It is my sincere desire to see to it that each soccer player receives a quality education and graduates with a degree. Special emphasis is always placed on the educational preparation of the student with as much individual attention as possible. I will do everything that I can to assist him while he is here at the University of Maryland. Our athletic program is encouraged without overemphasis and without sacrifice of educational objectives.

Jim Dietsch

Coach Dietsch is very pleased with last year's team members who made the Atlantic Coast Conference Honor Roll Team. To be eligible for the Honor Roll, a student-athlete must participate in one of thirteen sports officially recognized by the conference. Academically, he must have earned an accumulative grade point average of 3.00 (B) or better during the full school year. The following soccer players were chosen for the 1976-1977 ACC Honor Roll.

ACC HONOR ROLL

Bryan Kittelberger	3.3	Business Administration
Hank Lockman	3.1	Micro-Biology
Dan Gresser	3.1	General Studies
Bob Kim	3.3	Pre-Med
Chris Miller	3.7	English
Jeffrey Poloway	3.6	Accounting

ALL CONFERENCE

The ACC coaches selected an All-Conference Team at the end of each season. The following Maryland players were selected as the best in the conference in 1976.

Senior	Gonzalo Soto	Halfback, First Team
Senior	Tony Kondratenko	Goalie, Second Team
Sophomore	Claude England	Halfback, Second Team
Sophomore	Chris Miller	Forward, Second Team
